

BUILD YOUR LEGEND™

EDWARDS 14" COMBINATION HORIZONTAL & V-MATERIAL SUPPORT STAND

OVERVIEW

Originally designed for use with Edwards products, we quickly realized that this heavy duty roller stand would be a welcome addition to any shop, no matter what brand was being used. This roller stand provides support for up to 500 lbs of material in many different configurations.

FEATURES & BENEFITS

Operates in multiple configurations to be compatible with a variety of materials and machines.

- Can be used in either a flat "T" configuration or a "V" configuration.
- Accepts a wide variety of materials including flat bar, angle iron, solid rod, tube and pipe or whatever else you are using.
- Smooth steel rollers for easy movement
- 500 lbs capacity
- Fast and easy adjustments for height and roller angle.

"T" POSITION FOR FLAT MATERIAL SUPPORT

- Height adjusts in "T" layout from 30.8" to 49.9"
- Width or rollers in "T" layout is 14"

"V" POSITION FOR ANGLE IRON OR SOLID ROD SUPPORT

- Height adjusts in "V" layout from 31.8" to 51.1"
- "V" arm length is 4.5"
